Morning Forest Spiral Walk

This year the traditional Advent Spiral, held at dusk with families in the first, second and third grades, had to be canceled due to very cold weather. Class Teachers and Felicia Far gathered to quickly forge an alternative for later in the week: a morning forest spiral walk. The sixth grade students provided the choir, and the forest provided shadows and quiet to shelter the event. It was an especially magical spiral!

Parent Profile: Amy Hoeltge

Who are the members of your family?

My family members are my husband Evan, our kindergarten

What do you do for love or for fun?

I love making people feel good about themselves. I love to give them hugs, knit them hats, and feed them yummy food. For fun, I create, cook, draw, read, drink coffee, and daydream. I also greatly enjoy Cortland apples.

What is your favorite thing to do with your daughter?

I think maybe my favorite thing is sitting quietly together in the forest behind Shelburne Farms and listening to the trees live their lives. It's especially nice in early May, when they've just gotten their new leaves, the air is still a bit crisp, and the breezes are gentle and delicious. I have been sitting quietly in forests with her

since she was a baby. I love watching her take it all in.

What is your work?

I am a Chemistry professor at Norwich University

What does a really good day at work look like?

For me, a really good day at work involves two things:

- (1) witnessing the light dawn for a student in the classroom or the lab
- (2) getting to the soup pot during lunch before someone has strained all of the solids into their cup, leaving nothing behind but broth.

What is your connection to the school?

At the end of this school year, we will have enjoyed five warm and magical years with LCWS -- two years in Star Garden and three years in kindergarten with the lovely Karen White. Our precious girl will move on to the grade school next year. I am honored to be a part of this community and am so pleased to donate my time and energy any chance I get.

What is your favorite thing about living in Vermont?

I have lived in many places but none have resonated with me like Vermont. I enjoy the slower pace, the community vibe, friendly folks, fresh food, the green everything, and not worrying if I forget to shave my legs

Anything else you want to share?

Well, I am a Pisces with Cancer Rising :-).

Young Writers Project

The Young Writers Project featured 8th grader Avery McLean in a special series of poems from young writers statewide. From their website:

This piece was one from the selection of outstanding poetry performed at the Burlington Book Festival's Millennial Writers on Stage reading. Avery says her inspiration for it comes from "realizing that logic is a feeling."

High School Observation Morning

Next Thursday, January 16 (morning after the rescheduled High School Open House) 8:30 - 10am is our monthly High School Observation Morning. The ninth grade will be returning from their winter camping trip and their block is Modern History with Steve Crimy. The tenth grade block is chemistry focused on Acids, Bases and Salts with Danielle Drogalis. The eleventh grade block is physics – Electricity and Magnetism with Kate Crowe. The twelfth grade will be rehearsing their final LCWS class play! Please come visit the high school and invite your interested friends. RSVP to [Pam Graham](mailto:pam@waldorf.org) 985-2827 ext. 12.

Winter Open House

On Saturday, January 25, from 10am - 12pm we are hosting our Winter Family Open House. I encourage every parent in the school to reach out and invite a friend or two. By far, the most common way that people find their way to our school is through you! Children are welcome to attend and get to experience a bit of the magic of our school environment. There will be tours throughout the morning (with our high school students and teachers) and an Introduction to Waldorf education presentation for prospective adults at 11am. Please spread the word! RSVP to [Pam Graham](mailto:pam@waldorf.org) 985-2827 ext.

Join the Spring Benefit Community Chorus: all Dvorak concert!

Calling all experienced singers! Please join director Steve Olson and accompanist Victor Gould on Wednesday nights as a member of the Spring Benefit Community Chorus! We will be presenting an all Dvorak program, and the chorus will be performing selections from the beautiful Dvorak Mass at the Benefit concert on Thursday and Saturday, May 15 and 17, 2014. Rehearsals are every Wednesday evenings from 7 to 8:30, beginning on Wednesday, 1/22 and running through until the performances in May – we hope to see you there! -- *Steve Olson*

Tuition Adjustment

It is that time of year when school families apply for tuition adjustment for the next school year. I sent out an email to all current parents with detailed instructions from the Tuition Adjustment Committee. Please read through the material sent and let me know if you did not receive it. Remember that the deadline for applying for tuition adjustment is February 1. --

Community News

United We Ski is a documentary that examines the importance of small ski areas, skiing and New England life. The film looks at the rise and decline of the region's small ski areas and tells the story of three surviving areas in Vermont that rely on community support, volunteerism, and yankee ingenuity to provide affordable skiing to local kids and families. [Watch the trailer](#). The screening will be followed by a Q&A with one of the filmmakers, Tyler Wilkinson-Ray. Local showing at the Common House, Ten Stones. Suggested donation-\$5-10.
